

## SUMMARY HISTORY OF THE URUGUAYAN BUIATRIC CONGRESS

### 1973-2014: OUTSTANDING FEATURES

#### 1- ACTIVITIES

The Buiatric is the specialty of veterinary science that studies problems of cattle and other ruminants. It have been developed forty-two Uruguayan and four Latin-American Congress, all of them were about Buiatrics and took place in Paysandú City, since 1973.

It is one of the most important event in the Region concerning to different aspects of health and production of ruminants.

In 2000, the **XXI World Buiatric Congress** and the XXVIII Uruguayan Buiatric Meeting was in Punta del Este, Uruguay. It was organized by the Uruguayan Veterinary Association and the Veterinary Associations of Maldonado and Paysandú. Coincidentally, there have been five plenary meetings of the Executive Committee of the Latin-American Association in the years 1979, 1983, 1984, 1993 and 2000.
